

Buttons

The image displays a collection of user interface elements arranged in a grid. At the top, there are three standard buttons, each featuring a small cube icon and the word 'Button'. Below these are two rows of four items each. The first row contains a blue button with a cube icon, a grey button with a cube icon, a black button with a cube icon, and a black button with a cube icon. The second row contains a blue button with a cube icon, a grey button with a cube icon, a black button with a cube icon, and a black button with a cube icon. To the right of the second row, there is a vertical dashed purple line. Below this line, the text 'Inputs' is displayed in a large, bold, black font. Following 'Inputs', there is a section titled 'Text Input' with five examples of different text input fields. Each field has a placeholder text and a question mark icon in the top right corner. The first field has a placeholder of 'Placeholder'. The second field has a placeholder of 'Placeholder' and a question mark icon. The third field has a placeholder of 'Placeholder' and a question mark icon. The fourth field has a placeholder of 'Search' and a magnifying glass icon. The fifth field has a placeholder of 'Placeholder' and a dropdown arrow icon.

The image displays a collection of user interface components against a black background. At the top, there are four rounded rectangular buttons, each featuring a small 3D cube icon and the word 'Button'. The first two buttons have white backgrounds with black text and icons, while the last two have black backgrounds with white text and icons. Below these are two rows of four rounded rectangular buttons each, arranged in a grid. The first row has white backgrounds, and the second row has black backgrounds. Each button contains a 3D cube icon and the word 'Button'. To the right of the buttons, there is a dashed purple horizontal line. Below this line, there are several other input components: a rounded rectangular placeholder field containing the text 'Placeholder'; a placeholder field with a question mark icon; a placeholder field with a barcode icon; a search bar with a magnifying glass icon; and a currency selector with a dropdown arrow and the text 'USD'. At the very bottom, there is a URL field containing 'http://www.relume.io'.

Toggle checkbox

Is this a good way to present a multi-step decision?

The image shows a dark-themed user interface design. At the top, there is a large rectangular button with a thin white border. Inside, the letter 'A' is centered in a smaller square box on the left, and the text 'Website design' is to its right. Below this are two smaller rectangular buttons. The first has a white background with a black border and contains the letter 'A' in a black box on the left and the text 'Website design' in white to its right. The second has a black background with a white border and contains the letter 'A' in a white box on the left and the text 'Website design' in white to its right. Below these are two rows of toggle switches. Each row consists of a switch icon (a circle with a horizontal line) followed by the text 'Option one'. The first row has a light gray background, and the second row has a dark gray background. At the bottom left, the text 'Toggle checkbox' is displayed above a standard checkbox icon (a circle with a dot). A dashed purple horizontal line runs through the center of the image, separating the top section from the bottom section.

The diagram illustrates a user interface pattern for displaying additional information. It features four tooltip components arranged in a 2x2 grid. Each tooltip has a dark gray background with white text and a light gray image placeholder. The top row contains two identical tooltip components with the text "Lorem ipsum dolor sit amet, consectetur adipiscing elit." and an information icon (i). The bottom row also contains two identical tooltip components with the same text and icon. Arrows point from each tooltip's icon to the corresponding one in the row above it, indicating a relationship or flow between them.

Tooltip Title

Find out more

A diagram illustrating a sequence or flow. It features two light gray circles, each containing a large black arrow pointing in opposite directions: one points left, and the other points right. These circles are positioned above a horizontal dashed purple line. A vertical dashed purple line extends from the top of the left circle down to the start of the dashed line, creating a corner. The dashed purple line continues horizontally across the bottom of the image.

Tabs

The image shows a navigation bar at the bottom of a screen. It has three tabs: 'Monthly' (highlighted with a blue background), 'Yearly' (disabled, shown in grey), and 'Historical' (disabled, shown in grey). Below the tabs, there is a large, semi-transparent button labeled 'Get Started'.
